Vodafone Switched Ethernet Price Schedule

1 General information

All prices are shown net, in euros and exclusive of VAT.

Installation/set-up charges are billed in the first invoice month and cover the installation/ set-up of the standard Vodafone Switched Ethernet product. Additional services are provided subject to separate agreement and invoiced on a cost and material basis. The charges for requested changes to the standard product are billed in the next invoice cycle after implementation of the change. Additional services are provided subject to separate agreement and invoiced on a cost and material basis.

2 Switched Ethernet All Inclusive – Fibre

Vodafone Switched Ethernet Price Schedule

2.3 Service levels

2.3.1 Classic service level

Monthly usage charge	Price
Classic service level is provided as standard and included in the monthly charge.	€ 0.00

2.3.2 Classic Express service level

All features of Switched Ethernet All Inclusive are available with the Classic Express SL.

Monthly usage charge	Price
Classic Express service level; per access	€ 9.95

2.3.3 Classic Premium service level

The Classic Premium service level is not available for the primary link in the 'All Inclusive TAL' tariff.

A second link including demarcation device is implemented at the customer site.

The backup line for a Switched Ethernet All Inclusive access product can be implemented with the following tariff variants:

- 'Basic' (see 3.1 Basic)
- 'VDSL symmetrisch Regio L2BSA' (see 4.1 VDSL symmetrisch Regio L2BSA)
- 'VDSL Regio L2BSA' (see 5.1 VDSL Regio L2BSA)

The necessary backup line is always billed to the customer in addition to the service level charge in the 'Basic' tariff.

3 Switched Ethernet Basic

3.1 Services

The usage charges shown below apply to customers with the 'Basic' tariff for access in all network areas not covered by the 'All Inclusive' arrangement and include the monthly use of a Vodafone Switched Ethernet access product plus demarcation device but not including access line.

The access line charge is not covered by the usage charge and it is billed separately. The access line costs will be communicated in a separate quotation.
