

**Important
changes
to the law**

1 Vodafone TV Connect Start: The price is based on a framework agreement with your landlord and Vodafone Deutschland GmbH and Vodafone West GmbH (Special GEWOBAG price of €3.50 including VAT). It only applies to your Vodafone TV Connect Start individual user contract for as long as this framework agreement exists. Minimum term of the Vodafone TV Connect Start individual user contract: 24 months. The notice period for termination at the end of the minimum term is one month. If the contract is not terminated in good time at the end of the minimum term, it will continue indefinitely and can be terminated at any time with a notice period of one month. The Vodafone TV Connect Start individual user contract will end automatically if the framework agreement described above no longer exists. Only available in buildings within the service area supplied by Vodafone Deutschland GmbH and Vodafone West GmbH. No installation fees apply.

2 Vodafone GigaTV Cable: GigaTV Cable costs €9.99 per month. This will increase to €14.99 per month from the seventh month. The minimum term is 24 months. The notice period for termination at the end of the minimum term is one month. If the contract is not terminated in good time at the end of the minimum term, it will continue indefinitely and can be terminated at any time with a notice period of one month. The Vodafone GigaTV Cable contract contains Vodafone Premium with two months free. You will pay €9.99 per month from the third month. This does not apply if you already have a German-language premium TV product from Vodafone Deutschland. Can be terminated at any time with a notice period of one month. Requires a purchased Vodafone cable connection and a Vodafone TV Connect or Vodafone TV Connect Start contract. If you do not have one, please check the price for your address. For example, you will receive TV Connect for €14.99 instead of €19.99 per month. The discount only applies for as long as the Vodafone TV or GigaTV Cable contract exists. If that contract is terminated, Vodafone TV Connect will cost €19.99 per month. Minimum term 24 months, notice period for termination one month. A GigaTV-compatible device will be provided for the term of the contract and must be returned afterwards. Vodafone GigaTV Cable boxes require a permanent internet connection with the following recommended bandwidth: at least 10 Mbit/s or at least 25 Mbit/s for ultra-high-definition content. Multiple users using content at the same time will increase the necessary minimum bandwidth of your internet connection. GigaTV apps require compatible mobile devices with a data connection. Customers who are temporarily living in a different member state of the European Union can use the apps locally in accordance with the Portability Regulation. The quality of the service may differ from the level of quality in the customer's member state of residence. Up to three devices can be registered with the Vodafone GigaTV apps. Content can be used simultaneously on up to two mobile devices. If you access content that can only be used for a limited time (video on demand), the same content cannot be used simultaneously. The content of the Vodafone GigaTV apps depends on the available internet connection and the mobile device, and may differ from the Vodafone GigaTV Cable Box. Only available in buildings within the service area supplied by Vodafone. Requires a cable from the transfer point to the socket in the property.

3 TV channels with GigaTV Cable Box 2: The Vodafone Deutschland network currently has up to 57 HD channels. Up to 28 of these are freely receivable. Additionally, the Vodafone Deutschland network currently has up to 86 TV channels in SD. Up to 69 of these are freely receivable. To receive the additional channels, you will need a Smartcard or a GigaTV 4K box – this does not apply to public HD channels, the channels QVC HD, HSE24 HD and many SD channels (as of February 2023). To receive all the channels, you need to be connected to the Vodafone broadband cable network that is modernised for 862 MHz and an 862 MHz home network. You will receive fewer channels if at least one of these networks is not modernised for 862 MHz. For more information about the channels currently available at your address, visit vodafone.de/tv-sender or call 0800 664 93 97.

4 Streaming services: Requires a separate streaming membership.

5 GigaZuhause 1000 Cable: The price of €59.99 per month applies from the seventh month. Minimum term 24 months. The notice period for termination at the end of the minimum term is one month. If the contract is not terminated in good time at the end of the minimum term, it will continue indefinitely and can be terminated at any time with a notice period of one month. One-time fee of €79.98 (consisting of a €69.99 installation and activation fee and a €9.99 delivery charge). Includes a security package for two devices free of charge in the first two months and €3.99 per month from the third month onwards, or for three devices free of charge in the first three months and €3.99 per month from the fourth month onwards in NRW, Hesse and BW. Can be terminated at any time in text form with a one-month notice period. Festnetz Flat to German landlines and German mobile networks. Special rate numbers are excluded from Festnetz Flat. Phone calls abroad, such as the USA, from 9.9 cents per minute. Call-by-call and pre-selection not available. The necessary WiFi cable router will be supplied for the term of the contract and must be returned after the end of the contract. Please take availability into consideration: GigaZuhause Cable products are available in many of our cable expansion areas and with our modernised home network. Please check whether you can use the products in your property. Only applies to new GigaZuhause Cable customers who have not had a Vodafone internet or phone connection in their household in the last three months.

6 Up to four times faster than DSL: Based on the maximum download speeds of 1,000 Mbit/s for cable and 250 Mbit/s for DSL.

As of: May 2023. Subject to changes and errors. All prices include 19% VAT.

Cable products in BW, Hesse and NHW provided by: Vodafone West GmbH, Ferdinand-Braun-Platz 1, 40549 Düsseldorf, in all other federal states: Vodafone Deutschland GmbH · Betastr. 6–8, 85774 Unterföhring
